What to expect:

We believe in spending lots of time in nature, so most days will start by exploring a local playground or park, playing group games or having free play. Each day will have one major excursion or field trip. Aside from the main excursion, there will be plenty of smaller activities offered throughout the day. These weeks are meant to offer your child exercise, exploration of their interests, time to play in nature, and connections to the incredible resources and destinations in our community!
